

THE WURZELS OFFICIAL NEWSLETTER

APRIL. 1978.

Hello Everyone,

I would like to thank those members who sent in questions about the WURZELS, and I hope that they are answered in the next few Newsletters. My first sheet is the result of an interview with Pete Budd, who answered rather 'tongue in cheek' sometimes.

There are one or two things which the boys wish to remain unsaid, and we must respect their feelings. An example of this is their ages, - suffice it to say that they are all over 25 years old!.

Our fabulous WURZELS HAVE A NEW SINGLE COMING OUT on 28th April, and we, as their fans, could very well help them to get into the charts with this; so I am going to ask for your assistance. Could you all please go to your record shop and order a copy of the record on April 17th or 18th.? [Or better still, order two copies and give one to a friend!] If every member of the Fan Club does this, it will put the record into the top 50 straight away. The boys do not know that I am asking this of you, but what a lovely surprise it would be for them on their return from Bahrain.- The single will be on the E.M.I. label as usual, and will be called "The Tractor Song", a WURZEL version of "The Pushbike Song" which was very popular a while ago. On the B-side will be a song written by Tony, called "Funky Farmyard".

In case you should wish to purchase any of the WURZEL products, the items available are as follows;-
