APRIL 10th.-Off to Canada for three weeks; and with them go our very BEST WISHES for a successful Tour.

The last U.K.Tour was a great success; and at last people have been able to witness the wonderful talent of our WURZELS, and their tremendous adaptability from "Scrumpy and Western", through Scottish Medleys; soft "Who Needs Summer" types of songs, to foot-stomping Rock and Roll numbers like "Little Darlin". What magic those Concerts were!

The boys will begin recording a new L.P. on January 16th., but no title or release dates have yet been fixed.

The "Weetabix" advert. can be seen from February 9th.

By the way, if you saw the programme "The Mighty Wurzels" on I.T.V. on January 6th., it was a repeat of a show they did a year or so ago; hence Tommy announcing their "latest release" - "Morning Glory".

For future Newsletters I propose to try an experiment; and how it works is entirely up to you!

Many of you write to me asking questions about the WURZELS, and it is very difficult to answer individual questions like that. SO:- If you have any questions to ask about the boys, could you please send them in to me as soon as possible? I will then sort them out, interview our heroes, and hopefully, publish the answers in my Newsletters over the next few months. Only SERIOUS questions please, and relevant to our present WURZELS; not Adge Cutler and the Wurzels as they used to be.

That's all for now my dear WURZEL fans,

Regards to you all,

Mary
