

ADGE CUTLER and the  
WURZELS

SCRUMPY and WESTERN  
SHOW

## Adge's Introduction

Well folks, its now a year since the West first resounded to the music of the Wurzels, and it's spreading already to other parts of the Country. Of course, we're all very pleased that this happened and we'd like to thank all of you who have made it possible. Also we hope you will continue to support the "Scrumpy and Western" sound, because in this world of pop, it seems incredible that a regional music and humour has been placed among beat groups, ballad singers, etc.

As for the show tonight, we have a fine collection of artistes, all with a folksy flavour, most of whom are friends of mine and I know you're going to like them, so sit back and enjoy the show folks.

All the best,

*Adge Cutler*

## LYN & GRAHAM McCARTHY

Lyn and Graham McCarthy came to this country from Australia two or three years ago. They took jobs as teachers and started singing in small folk clubs. In Australia Graham had appeared regularly on television and Lyn had done some television work and carried off first prize in a Southern Australia beauty competition. They came professional partners and subsequently married. Their reputation grew in London and they were finally asked to appear on BBC's "Singalong".

Since then they have appeared on dozens of television shows including the Black and White Minstrel Show, Rolf Harris and Cliff Richard Shows.

They are direct from a Summer Season at Weymouth, where they were a big hit.

Their recent television appearance with the Black and White Minstrel Show on B.B.C. insured them many new fans, who will no doubt be eagerly awaiting the next television show.

## FRED WEDLOCK

25 year old Fred has been on the folk scene for many years now and as well as having a huge following with the General Public, he is in great demand by other artistes mainly due to his writing and arranging abilities.

A graduate of Swansea University, Fred now lives in the West Country.

## THE YETTIES

Have just turned professional and have appeared at most of the well known folk clubs all over the county and many international folk festivals at the Albert Hall, London.

They are local boys from Yeovil, and have been together since their schooldays.

They are rather different from the usual folk group by including concertina and drum in their line-up.

## ADRIENNE

Adrienne first appeared on stage singing, when she was nine years old, now eighteen. In this time she has appeared in many folk clubs all over the country.

Plays Basketball and is a keen show jumper having won numerous rosettes and trophies.

Within the next twelve months, you should be hearing a lot more of Adrienne.

ADGE CUTLER and the WURZELS

## THE ALLIGATOR JUG THUMPERS

Since their debut on a Adge Cutler and the Wurzels Concert just over 9 months ago their popularity has risen fantastically they have appeared on many T.V. and Radio programmes including "Drink Up Thy Zider" and Rediffusion's "Come Here Often" which was nationally networked. Their fame is now spreading abroad so if you are on holiday in Venice or Geneva next year you may hear the strains of 3 Jug Thumpers blowing like mad.
